

STERLING STONEX

INDIA'S GRANITE, CRAFTED FOR THE WORLD.

www.sterlingstonex.com

ABOUT US

At **Sterling Stonex Private Limited**, we craft more than stone — we shape legacies. A proud member of the **KSR Group**, Sterling Stonex carries decades of expertise in the natural stone industry, blending traditional craftsmanship with modern technology to deliver granite products of unmatched quality.

As a **100% Export Oriented Unit (EOU)**, we specialize in **premium granite monuments, slabs, tiles, and bespoke architectural stonework** for discerning clients across the **United States, Europe, and beyond**. From quarry to customer, every stage of our operation is fully integrated — ensuring consistency, quality, and timely delivery.

Our **own quarries** supply some of the world's most sought-after granite varieties, processed in **two state-of-the-art factories** equipped with advanced Italian and German machinery. Every product undergoes rigorous quality control to meet **international standards such as ASTM and EN**, giving our clients the confidence of precision, durability, and beauty that lasts for generations.

From memorials in Europe to architectural landmarks in the United States, Sterling Stonex has earned a reputation as a **trusted partner** for projects where quality cannot be compromised.

At Sterling Stonex, we are driven by three principles:

INTEGRITY

Ethical sourcing and sustainable operations

INNOVATION

Custom design solutions, CAD/CAM technology, and diverse finishes

EXCELLENCE

Timely delivery, flawless execution, and client-focused service

OUR CAPABILITIES AND INFRASTRUCTURE

Factory: Unit 1 – Hyderabad, Telangana

Strategically located for efficient domestic and export supply, the facility features integrated QC and packaging units, a dedicated design and CAD/CAM team, and a large storage area for finished products, supported by a skilled workforce of 120 personnel.

Circular Saws (2.2 to 3 Meter) – 6 Nos.

Wire Saw Machines (2 Wire and 3 Wire) – 2 Nos.

Edge Saw Machines – 5 Nos.

Profile Machine – 1 No.

Auto Polish Machines – 2 Nos.

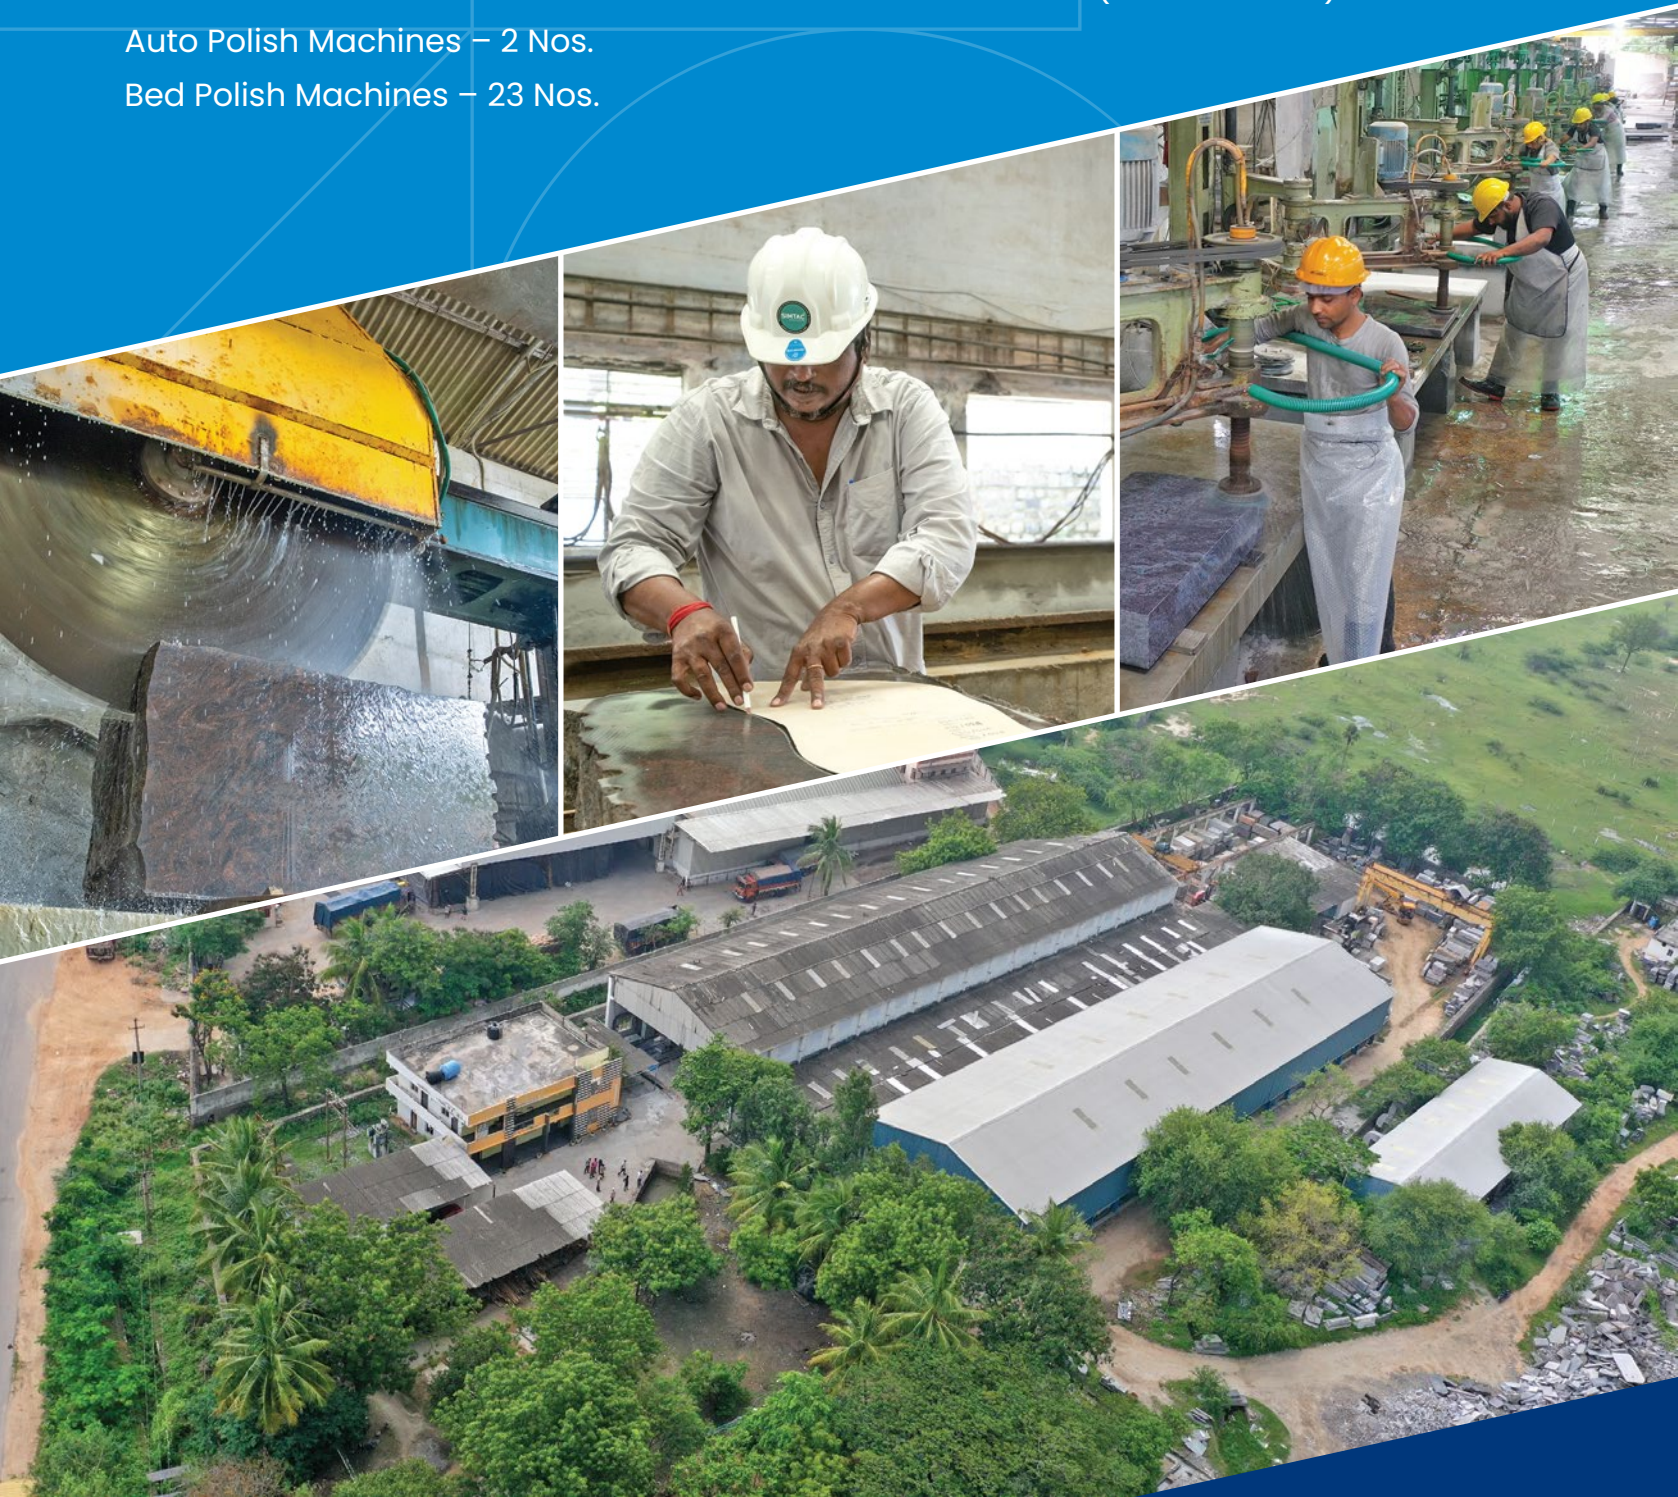

Bed Polish Machines – 23 Nos.

Milling Machine – 1 No.

Sand Blasting Machine – 1 No.

Gantry Cranes (40 Ton & 50 Ton) – 2 Nos.

EOT Cranes (1 Ton to 5 Ton) – 7 Nos.

Factory: Unit 2 – Vishakhapatnam, Andhra Pradesh

Located close to Vizag Port for faster exports to the USA and Europe, the facility operates with an optimized production workflow for high-volume orders, features separate zones for monuments, slabs, and tiles, and is supported by a dedicated workforce of 80 personnel.

Circular Saws (2.2 to 2.7 Meter) – 3 Nos.

Wire Saw Machine (3 Wire) – 1 No.

Edge Saw Machines – 3 Nos.

Profile Machine – 1 No.

Auto Polish Machine – 1 No.

Bed Polish Machines – 10 Nos.

Milling Machine – 1 No.

Sand Blasting Machine – 1 No.

Gantry Crane (50 Ton) – 1 No.

EOT Cranes (1 Ton to 5 Ton) – 4 Nos.

QUARRY 1

Vizag Blue / Bahama Blue – Tekkali, Andhra Pradesh

Located 150 km east of Visakhapatnam on National Highway 5 towards Kolkata, our Vizag Blue quarry sits in the Srikakulam District at Tekkali. Renowned for its rich deep-blue hue and distinctive natural patterns, this granite is a favorite for premium monuments and architectural projects worldwide.

With an annual production capacity of over 5,000 CBM, the quarry is equipped with a modern fleet of excavators, cranes, compressors, wire-saw machines, jackhammers, and other specialized equipment. On-site loading facilities ensure efficient transport of raw blocks directly to our processing units.

Annual Quantity: **5,000 CBM**

Area: **55 Acres**

Manpower: **60 Personal**

QUARRY 2

Vizag Blue / Bahama Blue – Tekkali, Andhra Pradesh

Located near the primary Tekkali site in Srikakulam District, our second Vizag Blue/Bahama Blue quarry yields the same deep-blue, premium-quality granite. Spanning 20 acres with an annual output of about 2,000 CBM, it is supported by a skilled workforce and modern quarrying machinery, with on-site loading facilities ensuring a steady supply for both domestic and international markets.

Annual Quantity: **2,000 CBM**

Area: **20 Acres**

Manpower: **25 Personal**

QUARRY 3

Indian Aurora – Nizamabad, Telangana

Situated 180 km northeast of Hyderabad along National Highway 7 towards Nagpur and Delhi, our Indian Aurora quarry lies in the Bheemgal region of Nizamabad District. This quarry is renowned for its striking multi-color waves and unique natural movement, making it a preferred choice for distinctive monuments and high-end architectural works.

With an annual production capacity exceeding 2,000 CBM, the site is equipped with a complete fleet of excavators, cranes, compressors, wire-saw machines, slot drillers, jackhammers, and other specialized quarrying equipment. Dedicated loading facilities ensure smooth transport to our processing units for prompt turnaround.

Annual Quantity: **2,000 CBM**

Area: **30 Acres**

Manpower: **30 Personal**

QUARRY 4

Inca Red (Quartzite) – Kurnool, Andhra Pradesh

The Inca Red Quartzite quarry, located in Kurnool, Andhra Pradesh, spans 10 acres and is known for its vibrant reddish-gold tones and unique textured finish, making it ideal for high-end architectural and landscaping applications. With an annual production capacity of around 1,500 CBM, the quarry operates with a dedicated team of 20 skilled personnel.

Annual Quantity: **1,500 CBM**

Area: **10 Acres**

Manpower: **20 Personal**

QUARRY 5

Sand Dunes – Shankarnkovil, Tamil Nadu

The Sand Dunes granite quarry, located in Shankarnkovil, Tamil Nadu, covers 30 acres and is celebrated for its warm beige tones and graceful wave-like patterns, making it a preferred choice for premium interior and exterior applications. With an annual production capacity of approximately 3,000 CBM, the quarry is supported by a team of 30 skilled personnel.

Annual Quantity: **3,000 CBM**

Area: **30 Acres**

Manpower: **30 Personal**

WHY STERLING STONEX

At Sterling Stonex, we don't just supply granite — we deliver unmatched value, craftsmanship, and reliability. Every block, slab, and monument reflects our commitment to excellence and our deep understanding of global market expectations.

Our Advantages:

Fully Integrated Operations

From raw block to finished product, every stage is in-house — eliminating middlemen and ensuring full control over quality, consistency, and timelines.

European & US Market Expertise

With decades of experience, we understand regional standards, design trends, and compliance requirements in detail.

Custom Design Capability

Advanced CAD/CAM support enables bespoke monuments, architectural elements, and specialty stonework for unique client needs.

Consistent Quality

ISO 9001-certified processes ensure accuracy, uniform finishing, and strict adherence to ASTM and EN standards.

Ethical Sourcing

We uphold sustainability, environmental care, and fair labor practices — because quality goes beyond the stone.

Logistics Advantage

Proximity to Vizag, Chennai, Mumbai, and Krishnapatnam ports enables faster, more cost-effective global shipping.

The key infrastructure includes 15 excavators, 20 compressors, 2 slaughter machines, 5 cranes, 4 forklifts, and 5 trucks and trailers, enabling efficient quarrying, handling, and transportation operations.

We hold **exclusive affiliations and quarrying rights** across India and internationally, giving us access to some of the world's finest raw granite. These materials are processed in our state-of-the-art factories, transforming them into products that meet the highest global benchmarks for beauty, strength, and precision.

When you choose Sterling Stonex, you choose a partner who understands that your project deserves more than stone — it deserves a legacy.

GLOBAL PRESENCE. LOCAL STRENGTH.

From India's finest granite sources to destinations across the USA, Europe, and beyond, our strategically located quarries, advanced processing units, and proximity to major ports ensure a smooth flow from extraction to delivery.

QUALITY ASSURANCE

At **Sterling Stonex**, quality is built into every stage of production — from raw block selection to final dispatch. Our in-house **QC team** ensures each piece meets the highest international standards.

With Sterling Stonex, every stone reflects **craftsmanship, advanced technology, and lasting reliability** — ensuring your project stands the test of time.

Our QC Process

Block Selection – Only premium blocks chosen for color consistency, grain quality, and integrity.

Slab Inspection – Rigorous checks for cracks, blemishes, and uniform shade.

Dimensional Accuracy – Precision measurements to match client specifications.

Finishing & Packing – Superior polishing and export-grade packing for safe delivery.

Certifications & Compliance

ISO 9001
Certified quality
management

CE Marking
European compliance
(where applicable)

ASTM & EN Standards
Meeting US and EU
technical requirements

LOGISTICS & PACKING

Every Sterling Stonex product is packed to protect its beauty and integrity during transit. We use **export-grade wooden crates**, reinforced with foam protection and moisture barriers to safeguard against damage.

Our proximity to major ports — **Mumbai, Chennai, Vizag, and Krishnapatnam** — allows for efficient, **containerized shipping** to clients worldwide, ensuring timely and secure deliveries.

SUSTAINABILITY & RESPONSIBILITY

We are committed to operating in a way that protects the environment and supports our communities. Our initiatives include:

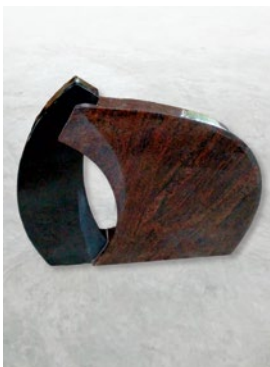

- **Eco-friendly quarrying** methods to minimize environmental impact
- **Recycling packaging wood** to reduce waste
- **Water treatment and waste recycling** at all plants
- **Community development programs** in quarrying regions

By combining efficient logistics with sustainable practices, we ensure our operations deliver value — not only to our clients, but also to the planet and the people around us.
